# KAMLOOPS METRO
STRATEGIC WESTERN CANADA OPTION FOR DISASTER RECOVERY OPERATIONS AND REGIONAL GOVERNMENTS

Our Kamloops colocation facility, KA1, offers customers a viable and cost-effective alternative to colocation in Vancouver in a growing city scheduled to become a census metropolitan area in 2021.

Located minutes outside the Kamloops city center, customers can choose among a broad range of network services from many local and international network service providers. KA1 also thrives on regional colocation demand from Vancouver and Calgary and is a strong option for regional governments and as a disaster recovery site.

Kamloops Metro Facility

The Equinix KA1 Kamloops International Business Exchange™ (IBX®) data center is a single-story, white concrete building offering 32,700 square feet (3,038 square meters) of rentable colocation space.

All customer deployments at Equinix Kamloops are backed by industry-leading security practices and >99.9999% uptime reliability. The site also offers many energy-saving measures, including glycol-cooled CRAC units with free-cooling capability and underfloor airflow distribution.

Why Equinix

- Interconnect with the largest industry ecosystems.

- Optimize communications and exchange data with enterprises, content providers, and cloud, network and internet service providers.

- Leverage Performance Hub® to enable next-generation WAN architecture for secure and highly reliable connectivity to network, cloud and IT service providers.

- Provide cloud and internet services quickly and easily to Equinix-deployed customers.

- Interconnect with top content companies to reduce latency and help improve user experience.

- Certified to meet rigorous environmental and energy management standards.

- 220+ data centers, 63 major markets, 26 countries and an industry-leading >99.9999% average uptime record.

- Connect directly with our global ecosystem of 9,500+ customers that are interconnected with 378,000+ virtual connections.
