

# Zurich Metro

Campus connectivity with densest interconnection of service providers and enterprise. A head office location for many European enterprises

Our Zurich data centers are business hubs for 255+ companies. Customers can choose from a broad range of network services from 70+ network service providers. There is a dense concentration of network, cloud, content, enterprise and financial services firms. Equinix customers can interconnect directly to customers and partners in their digital supply chain.

The Zurich colocation facilities enable customers to be part of a rich industry ecosystem. Equinix data centers are strategically located in the heart of Europe with the ability to reach 80% of Europe within a 30ms round trip. The central locations of the Equinix Zurich data centers are ideal for network service providers who deliver into the banking district, and for companies based in this European financial services and media powerhouse.

## Equinix value by vertical

### For network service providers

- Our Zurich data centers offer connectivity to SIX Swiss Exchange, Switzerland's leading stock exchange, as well as to the country's two largest internet exchanges, Equinix Internet Exchange™ and SwissIX
- Enable on-demand and direct access to cloud, network, storage, compute and application service providers via Equinix Fabric™
- Generate new revenue with direct connect opportunities through a number of cloud and content providers

### For enterprises

- Ability to reach 80% of Europe within a 30ms round trip makes colocation in Zurich ideal for enterprises with multiple European offices
- Performance Hub® enables next generation Wide Area Network (WAN) architecture for secure and highly reliable connectivity to 70+ network service providers and 65+ cloud and IT service providers
- Low cost, high density 100% green energy, increasing your efficiency and reducing your carbon footprint, while providing an uninterruptable power supply with built-in redundancy

### For cloud and IT service providers

- Ability to interconnect directly to 255+ companies collocated with Equinix in Zurich
- Ability to sell to 15+ content and digital media providers and access to 70+ network service providers
- Powered by Equinix Fabric for direct, cost-effective, secure consumption and delivery of cloud services, globally

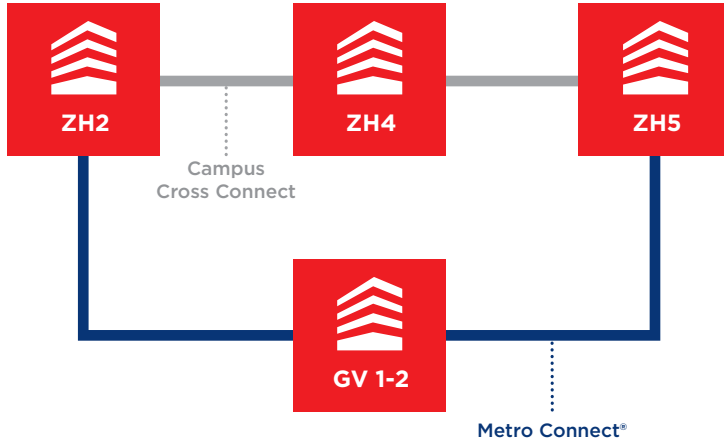

### For content and digital media

- Interconnect with 70+ network service providers
- Interconnect with major Content Digital Networks (CDNs) that include Akamai, Limelight and Level 3 to reduce latency and help improve user experience

### For financial services

- ZH4 is the main data center for the trading platform X-stream INET from SIX Swiss Exchange and acts as the main colocation site for customers of SIX Swiss Exchange
- Strategically located in the heart of one of Europe's largest financial markets

## Connectivity options through Equinix

Where both Campus Cross Connect and Metro Connect are available between a pair of sites, only Campus Cross Connect should be provided.

## Reasons to believe in us

### Global data centers
